# Lipex SheaClear™

## – a clearer choice for everyone

The trend is clear – oils for personal care are on the rise. And in every application area, transparency is a must. Our latest innovative emollient brings clarity, softness and moisturisation to highly sought-after formulations for every age and gender. Use it in high concentrations and together with other emollients and active ingredients to achieve just the feel and functionality you're looking for.

Take our Softly Caring Baby Oil, for example, which in addition to high unsaponifiable content features omega 3 and 6 from Gold of Pleasure. If it's ultra light freshness you want, try our Pampering Dry Oil Body Mist, which owes its feathery lightness to our eco-designed ester, Lipex SheaLight. Light and dry is also the theme for two trendy hair-conditioning formulas – Shea Clear Hair Oil and Scruff Beard Oil. And our Luscious Age Defying Oil-Serum, with bioactivity of minor lipids thanks to Lipex SheaTris, is ideal for meeting the latest trend in skin care oils.

- 100% clear liquid shea
- high unsaponifiable content
- softens and moisturises the skin
- improves shine and softness in hair
