Procedure

1. Combine all phase A ingredients and heat to 70°C with stirring until mixture is melted and homogeneous.
2. Cool to 45°C then add fragrance (phase B) and stir until homogeneous.
3. At 40°C, pour into jars and leave to set.

This beautifully simple formula is based on a high concentration of Lipex L'sens – a unique combination of soybean glycerides and shea butter unsaponifiables with softening, moisturizing and light-reflecting properties. Designed to soothe, soften and enhance the appearance of the lips, this balm can be used as both a day treatment and an overnight conditioning mask. Its rich, creamy texture adheres brilliantly to the lips and leaves them with a natural, healthy sheen.
