Lipex SheaClear™

Recommended applications: clear cosmetic oil formulations

INCI NAME Butyrospermum Parkii Oil

A low-spreading oil that offers all the skin softening and soothing benefits of shea butter in an easy-to-use, clear liquid form. Suitable for low energy processing and for use in all types of clear cosmetic oil formulations.

Appearance: slightly yellow liquid, clear at room temperature

Unsaponifiable content: 8%

Cloud point: 18°C

Slip melting point: 12

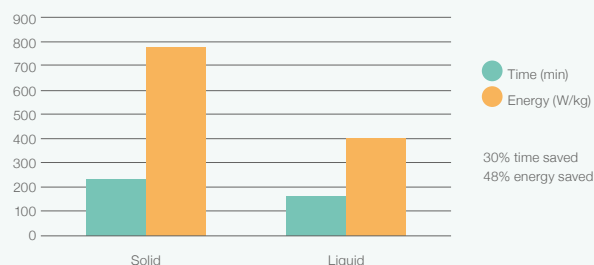

Typical use concentrations: 2–80% for skin care oils, 1–50% for hair care oils, 1–10% for shower oils

Key features and benefits

- Completely clear at room temperature making it ideal for skin, hair and face oils where absolute transparency or low color is desired.
- Clarity at room temperature makes Lipex SheaClear suitable for cold and/or low energy processing. If stored in cold conditions, heating may be required to remove precipitation.

Liquid shea saves time and energy compared to solid shea butters
