# Lipex SheaClear™

**Recommended applications:** clear cosmetic oil formulations

**INCI NAME** Butyrospermum Parkii Oil

A low-spreading oil that offers all the skin softening and soothing benefits of shea butter in an easy-to-use, clear liquid form. Suitable for low energy processing and for use in all types of clear cosmetic oil formulations.

**Appearance:** slightly yellow liquid, clear at room temperature

**Unsaponifiable content:** 8%

**Cloud point:** 18°C

**Slip melting point:** 12

**Typical use concentrations:** 2–20% for skin care oils, 1–20% for hair care oils, 1–20% for shower oils

## Key features and benefits

- Completely clear at room temperature making it ideal for skin, hair and face oils where absolute transparency or low color is desired.
- Clarity at room temperature makes Lipex SheaClear suitable for cold and/or low energy processing. If stored in cold conditions, heating may be required to remove precipitation.

Liquid shea saves time and energy compared to solid shea butters
